

# Notification of change in information or continued permitted work with legacy engineered stone

## Crystalline Silica

Use this form to re-notify NT Work Safe within 30 calendar days of the following occurring:

- Become aware of a change to the information provided in the previous notification. In this case, the re-notification must state and describe the information that has changed (e.g., an increase or decrease in the frequency and/or duration of the work, or a change in the type of work with legacy engineered stone). A re-notification is not required if the PCBU ceases to carry out work with legacy engineered stone.
- The 12-month anniversary of the most recent notification made to the WHS regulator, unless PCBU has ceased to carry out work with legacy engineered stone. (Regulations 529H and 529I)
