Wholesale Requirements

This checklist outlines the requirements for Shopgoods fireworks wholesalers on storing Shopgoods fireworks in accordance with the Northern Territory (NT) *Dangerous Goods Act 1998* and *Dangerous Goods Regulations 1985* and the *Work Health and Safety (National Uniform Legislation) Act 2011* and *Work Health and Safety (National Uniform Legislation) Regulations 2011* and licence conditions.

Non-compliance with the *Dangerous Goods Act* and *Regulations*, the *Work Health and Safety Act* and *Regulations*, and licence conditions may result in your licence being suspended or cancelled.

1. Business information

Site address:

2. Import/Export

A certificate of approval to import/export explosives must be granted prior to any Shopgoods fireworks being imported into or exported out of the NT.	<input type="checkbox"/>
A notice of arrival form must be submitted prior to Shopgoods fireworks entering into the NT.	<input type="checkbox"/>
A notice of export form must be submitted prior to any unsold Shopgoods fireworks leaving the NT.	<input type="checkbox"/>

3. Fireworks testing

All Shopgoods fireworks must be tested by an NT approved fireworks assessor in accordance with AS2187.3 and a copy of the NT WorkSafe fireworks testing form must be submitted prior to sale.	<input type="checkbox"/>
---	--------------------------

4. Storage area

Fireworks need to be stored in a storage area that will be suitably enclosed and away from windows. Dangerous Goods Regulation 92A	<input type="checkbox"/>
The premises and the storage of the Shopgoods fireworks must be located on the ground floor. Dangerous Goods Regulation 92A	<input type="checkbox"/>
Fireworks must be stored in their original outer packaging or in a spark proof container. Dangerous Goods Regulation 92A	<input type="checkbox"/>
Storage containers must be clearly marked on the outside with the words 'FIREWORKS' in letters not less than 50mm in height. Dangerous Goods Regulation 92A	<input type="checkbox"/>
All outer packaging and spark-proof containers containing Shopgoods fireworks will be located away from other dangerous goods or combustible material. Dangerous Goods Regulation 92A and AS2187	<input type="checkbox"/>
Freight containers used for transport and/or storage must be wood lined (on side walls, roof and floor) with a minimum thickness of 10mm.	<input type="checkbox"/>
Risk assessment covers security of site (including risk of theft and unauthorised access). This can include, but is not limited to: fencing, caretakers, CCTV and locks, etc.	<input type="checkbox"/>
A nominated responsible person must be available to be contacted and attend the storage site in the event of an emergency or to facilitate regulatory inspections. Section 4 Management of magazines – Australian Standard AS2187	<input type="checkbox"/>

5. Signage requirements

All warning signs must be displayed in red on a white background. Section 2.1.3 AS2187.1	<input type="checkbox"/>
Warning signs should be in place prior to the delivery of Shopgoods fireworks.	<input type="checkbox"/>

6. Workers compensation

Under the <i>Return to Work Act 1986</i> , any business that employs or hires workers on a full-time, part-time or casual basis, under an oral or written contract of service or apprenticeship, must have a current workers' compensation insurance policy that covers all workers from an approved insurer in the NT. Note: A person who is a member of the immediate family of the employer who works for the employer, but does not live with the employer , is a worker under the Act and therefore must be covered for workers compensation under a policy.			<input type="checkbox"/>		
Policy held with:		Policy number:		Expiry date:	

7. Emergency plan and response

An emergency plan that addresses the following provisions is required: <i>Regulation 43(1)(a) if the Work Health and Safety (National Uniform Legislation) Regulations 2011</i> (i) <i>An effective response to an emergency; and</i> (ii) <i>Evacuation procedures; and</i> (iii) <i>Notifying emergency service organisations at the earliest opportunity; and</i> (iv) <i>Medical treatment and assistance; and</i> (v) <i>Effective communication between the person authorised by the person conducting the business or undertaking to coordinate the emergency response and all persons at the workplace.</i>			<input type="checkbox"/>
It is a requirement to have installed a fire hose reel or water type portable fire extinguisher with a rating of not less than 2A and access to a 3A40BE dry chemical powder fire extinguisher, in all areas where Shopgoods fireworks are stored or sold. Dangerous Goods Regulation 92A			<input type="checkbox"/>
Ensure that the storage site/location has adequate firebreaks and vegetation control as per local authority requirements.			<input type="checkbox"/>

8. Wholesale outlet

I acknowledge that my details will be shared with the NT Fire and Rescue Services in case of emergency. Dangerous Goods Regulation 92A.	<input type="checkbox"/>
